

# Sustainable Supply Chain Charter

‘Our sustainability objectives are to balance the economic objectives with social and environmental stewardship. Together with our supply chain we will set out to achieve these and have developed this Sustainable Supply Chain Charter as a means to demonstrate our joint commitment.’

PMFR05-08  
Revision 2 January 2016

We agree to the principles of this Sustainable Supply Chain Charter and commit to working with MWH to embed sustainability into our business activities and seek continual improvement.
